Elden Ring is an online fantasy action role-playing game on the other side of the Lands Between. From the series that debuted in 2004, we continue to expand with new characters and even more exciting contents! It takes place in a post-apocalyptic world that has been cut off from the outside world for ten years and has grown apart from civilization. Ashes and a dark aura of destruction begin to embrace everything in the Lands Between. Rise from the ashes, Tarnished, the only one who can break this dark aura. There are other Elden Lords out there. You are the next! Our Story Ashes and darkness roam the Lands Between. It took ten years for the dark aura to cover everything. Set two hundred years ago, the sense of tragedy within the Lands Between is severe. In the remote town of Kugan, the merchant of the River Cliffs Den, Partia Romka, has died, and the Elden Ring led by Tarnished will search for the culprit behind his passing. However, Kugan doesn't seem to be able to maintain its economy. It seems that there is a traitor behind the unknown outsider who was seen running from the town on the road, but Kugan has lost all their officers in the past and it's difficult to keep the peace. An old friend appears from the river. A man who has become a vampire named Shura, who looks as if he is ready to start a civil war. Strategy is a game where you put many techniques together to achieve an objective. In this game, you can start strong in the beginning and let it grow stronger, or be humble from the beginning and make it to the end strong. We'd like to be the latter. First of all, the best part is that it's a totally new environment. You can choose to start the game from a small town, a labyrinth, or even the outside world. So, how will the game be? When the gigantic fleet of the Fractured Kingdom Dragonmonen Empire was destroyed by the forces of the Marauder's Alliance, the great conflict began. It is a time of renewal for the Elden Kingdom. New weapons and new magic to forge a new story and a new world. You play as a member of one of the new cast of characters and defend the homeland while enduring the trials of battle and healing. Battle System The Battle System is fundamentally different from other ARPGs. In ARPGs, the battle starts with the basic positioning of characters. In FRANKEN RPG, you coordinate and equip your characters right at the start of the battle. In FRANKEN RPG, the battlefield is a huge world. It is a world in which you can freely wander, and battle takes place in the main towns in the world. The numbers of enemies that attack you vary depending on the town. If you defeat monsters, they will drop their Treasure (less with certain treasures, more with others). Players can freely enter the world and explore. While you roam, the part of the world that you enter is combined into the world map. You can freely move among the parts of the world and join or leave battles and dungeons. Once you enter an area where a battle is taking place, you can move with the world map to look for the strongest enemies in that area. Simple interface As the Battles are being made just as you enter, FRANKEN RPG offers a simple operation and interface. - Movement Select the character you want to move and drag the mouse to change the direction of movement. – Movement on the world map Select the character you want to move and drag the mouse to move the selected character. You can freely move in the world map. - Party Press the "P" key to select the party you want to use the character in. - Automatic skill activation When you press the "+" key, the automatic skill activation is carried out and the skill will be used upon the press of the "+" key. - Equipment Slot Press the "E" key to open the item inventory. - Team Control Press the "T" key to search for the team you want to control. - Bank You can select the character you want to equip the item at the item
