## **NBA.2K18.Update.6-CODEX Fitgirl Repack ~UPD~**

2k tends to release updates to fix bugs and stuff like that. And I wonder if I get the fitgirls version, will the updates from the codex work for fitgirls? Will there be no new models in the fitgirls version?

Will this be the last version of the codex that fixes bugs and all that? VK: Yes, we also release updates for fitgirls. The fitgirls version will have new models and bug fixes. If suddenly something happens, we will definitely release both the new codex and patches to it. So don't worry. 2k, I know you have plans for the next codex. If you don't mind, I'd like to know what direction things are going there in general?
